

# **UCPA Studio Safety Guidelines**

**UCPA will maintain these  
guidelines for the health and  
safety of our staff, students,  
and guests. Thank you for  
your cooperation.**

Due to strict limitations for  
capacity, we will use a

drop-and-go procedure for classes with children ages 6 and older. Parents are asked to wait outside the studio.

Please remain in your cars prior to class until the class before yours exits.

Your instructor will motion when it is time to enter the studio. As required by the state of Virginia, masks are required for all guests prior to entering the facility. Masks do

not have to be worn during class. However if you feel comfortable wearing one, please do so. Please put your dance shoes on once inside the studio. All guests will be asked to use hand sanitizer upon entry. Please do not wear gloves. We will adhere to strict cleaning and sanitization practices between classes and each night to maintain the cleanliness of the studio

space. There will be 15 minutes between classes to clean and to allow for class transitions. We will maintain state distancing requirements in class and 6 feet social distancing as much as possible outside class. Please have snacks, meals, and beverages (aside from water) at our designated seating area whenever possible. Any guest showing symptoms of illness

may be asked to leave or denied entry. Please do not bring a sick child into the studio. We have auto-immune compromised staff and students who rely on your respect of these guidelines to maintain good health. **Families who have travelled to a hot spot within or outside the United States are required to remain online for classes for 14 days or provide evidence of**

**a negative COVID-19 test.**

Should someone within the studio test positive for COVID-19, the following measures will take place:

The individual should inform staff immediately.

The facility will close for no less than 24 hours for deep cleaning. All UCPA families will be informed of the closure.
